In 2014, in addition to Jail Transports several other new Nature Types were added for tracking by the Sheriff's Office. While these Nature Types were performed by the Deputies and Dispatchers in the past, they were tracked differently though the CAD System and not accounted for in previous years totals. Since 2014, the totals give a more accurate look at the duties performed by the Sheriff's Office.

2018 CASE INVESTIGATIONS

General Case Investigations

2018 saw an increase in cases assigned to the Sergeant Investigator. In 2017 a total of 110 cases were assigned to the Sergeant Investigator; however, in 2018 129 cases were assigned. In turn 2018 yielded more cases (42) being submitted to the Prosecutor, in comparison with 2017 (36). There are fewer cases remaining open from 2018 (13) when compared with 2017 (23). 2018 consisted of 116 cases being closed or cleared at the end of the year which results in 90 percent of the cases assigned to the Sergeant Investigator being either submitted to the Perry County Prosecuting Attorney's Office or investigated until the case has no further leads. The vast majority of cases presented to the prosecuting Attorney's Office were Felony level cases resulting in multiple charges to multiple suspects. In 2018, multiple additional cases were presented to the Perry County Prosecuting Attorney's office from previous years as well resulting in charges/or closing of the case. From previous years a total of twenty-four (24) additional cases were presented for charges from cases ranging from 2015 to 2017. An additional six (6) cases were closed from 2015 thru 2017. When adding the figures to this year's stats a total case filed with the prosecutor results in sixty-six (66) cases filed in total this year as well as eighty (80) cases closed. The results on average over a twelve (12) month period of cases completed per month are twelve (12) cases a month. In total Thirty-Nine (39) Felony charges were filed on suspects broken down by degree of offense Felony of the first Degree Four (4) charges, Felony of the second degree Nine (9) charges, Felony of the third degree Nine charges (9), Felony of the fourth degree Ten charges (10), and Felony of the fifth degree Seven charges (7). In 2018 a total of twenty (20) misdemeanor charges were filed on suspects.

The General Case Division executed a total of 12 search warrants in Perry County for Felony level offenses to include property crimes, sexual assault crimes, assistance to other agencies, and crimes of violence. The 12 search warrants executed in 2018 were slightly down in comparison with 2017 when 17 search warrants were executed.

The General Case Division recovered \$68,720 dollars' worth of stolen property in 2018. The property recovered consisted of information obtained by citizens, execution of search warrants, investigation, and Officer Reports. The \$68,720 worth of stolen property recovered in 2018 is also slightly lower than the \$95,712 recovered in 2017, however over a two (2) year span The General Case Division has recovered \$164,432 dollars' worth of stolen property.

In 2018 the General Case Division also received one hundred and thirty (130) hours of training to include topics of incident command system, Facebook Investigation and Forensics,

Homemade Explosives Awareness Recognition, and Response, Drug Identification Systems, Certified Taser Instructor, Human Trafficking Investigations, Alert Instructor in Civilian Response to Active Shooter, Crisis Intervention Team, Search Warrant Major Case Investigation, Judgmental Driving Simulator, Judgmental Firearms Simulator.

In conclusion, it is difficult to solve property crimes (Burglary, Theft) when there is very little information to continue an investigation. It is important for the general public to log make, model, serial numbers and owner applied number to all items of value in their home. It is also important when completing a theft report to provide as much detail about the item reported missing as possible. If this information is provided to a responding Deputy or Investigator the chance(s) of solving the case, or recovering the property increase significantly.

On The following page is a breakdown of the information provided by the General Case Division of the Perry County Sheriff's Office.
